

Pattern: easy bench cushion from recycled yarn

What you need:

- Recycle yarn from fabric (2 sheets for 1 cushion)
- Crochet hook (in my case, size 7 and 8)

My materials:

Two balls of recycled yarn from sheets that I also colored with eco dye

The stitch used: the moss chain. I prepared a diagram explaining how to do it. I used the demo version of a pretty interesting software: Stitch Works Software.

Foundation for my cushion: chain 40 +1 (or multiple of 2 + 1)

Row 1: chain 3, skip 1 stitch, and repeat the sequence *1 half double crochet, chain 1, and skip 1 stitch*. You should end with a half double crochet.

Row 2: chain 2, repeat the sequence *1 half double crochet, chain 1, and skip 1 stitch*, end with an extra half double crochet.

Row 3: repeat row 1

Row 4: repeat row 2

Etc etc

This pattern is for personal use only. Please do not sell the products for a profit. Selling for charity is allowed.

The bench cushions should look like this☺:

About me:

(Still) a PhD and passionate by all things crafted and especially by crochet. For more projects and tutorials please visit: www.zarazacrochet.weebly.com.

If you enjoy my work please have a minute and think about the reason why I go through all the trouble of putting together the tutorials and maintaining the blog. I do all this effort with the hope in mind that some of you will also take a look at the 2 associations that I endorse: **The Friends of Cats Association** and **SOS Dogs**. Both associations work to address the problem of the cats and dogs with no home in Oradea (Romania) and surrounding. For more information send me an email, I will be happy to tell you more ☺

What can I do about the cats and dogs in Romania?

If you can't adopt, you can volunteer

If you can't volunteer you can sponsor

If you can't sponsor you can donate

And if you can't do any of the above, you can spread the word :)
